Printing 3, Sheets of 8  
1/2 anna Indigo and Dull Blue 1929

Light Indigo on Top, Dark Dull Blue on Bottom

Printing 3 of the quarter anna clearly shows the effect of two impressions of the printing plate being used to make one sheet of stamps. The top impression is indigo and the bottom impression dull blue, two different colors. Often, as on this page, the top plate impression is either dark or light and the bottom plate impression the opposite. As happened for the half anna printing 3, the sheet format has switched to a vertical format. The perforation gauge remains 10.9 with straight lines of perforation and clean cut holes.
